

Strata-Coat HS-HT

SYSTEM DETAILS

Series N222 Deco-Tread

A low ambering, multi-purpose epoxy floor coating with enhanced UV stability and resistance to yellowing. Series N222 can be used as a primer, base coat, and finish coat. It provides excellent application properties with good flow and self-leveling characteristics. It protects concrete surfaces from impact and abrasion and has excellent chemical resistance with an aesthetically pleasing appearance.

Series 247 or 248 EverThane

Extremely hard, chemical-resistant urethane floor coating with superb flow characteristics. Excellent resistance to abrasion, wet conditions, corrosive fumes and chemical contact. Excellent gloss and color retention. Low odor characteristic allows for use near occupied space. *Note:* For horizontal surfaces only.

FEATURES AND BENEFITS

- Aesthetically pleasing pigmented floor
- Seamless, durable, and easy to clean
- Low odor for use near occupied spaces
- Resistant to ambering and color change
- Optional texture/slip resistance

COMMON AREAS OF USE

- Laboratories
- Health Care Facilities
- Educational Facilities
- Veterinary Facilities
- Locker Rooms
- Pharmaceutical Facilities
- Transportation Hubs
- Stadiums
- Correctional Facilities
